Mr. Eric Swanson
Business Development Manager
E-Z-GO a Textron Company
1451 Marvin Griffin Road
Augusta, GA 30906

Dear Mr. Swanson

Thank you for your participation in the California Air Resources Board (ARB) Zero-Emission Agricultural Utility Terrain Vehicle (Agricultural UTV) Rebate Project. This consumer incentive is intended to encourage and accelerate the use of zero-emission work vehicles for use in California agricultural operations by providing rebates of 25 percent of the manufacturer's suggested retail price (MSRP), for the purchase of new zero-emission vehicles. E-Z-GO's participation in this rebate project is providing eligible California consumers with a clean technology option at a time when our state needs it most.

Your vehicle eligibility application and associated documentation has been reviewed. Staff has determined that the following vehicle model is eligible to receive the consumer rebate amount listed in Table 1.

Table 1: Vehicle Information

Model Year	Vehicle Make	Vehicle Model	Base Model MSRP	Rebate Amount
2011	ST Series Electric Utility Truck	ST 400E	\$8,302	\$2,075

New model year vehicle makes and models may be added upon request to the list of eligible vehicles after a base price is established and the vehicle is imminently available for consumer purchase. Please submit new price sheets and updated vehicle specifications to ARB at the time of your request.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

Thank you for participating in this rebate project. We look forward to working with E-Z-GO dealerships throughout California to promote this rebate project. For questions or information, please contact Meri Miles, Agricultural UTV Rebate Project Staff Lead, at (916) 322-6370, or via e-mail at mmiles@arb.ca.gov.

Sincerely,

Ms. Lucina Negrete, Manager
