

Points West Argo, Inc. Golf Cart Information Sheet

- Cart charger needs to be kept out of the weather at all times. It is recommended that the charger be left at the residence while operating cart.
- Key must be removed from cart anytime it is left unattended.
- Charger is “automatic” and will shut off automatically when cart is fully charged. Large grey end of charger plugs into cart at the drivers side of the cart just below the operator and will only fit one way. The power cord end requires 110v service only with a recommended 10 amp circuit. It is your responsibility to ensure that receptacles with adequate power are available to charge the cart.
- Some of our Electric Carts are equipped with a battery light indicating when the batteries are getting low. When the light comes on, the cart will need to be plugged into the charger. It is recommended the Cart is placed on charge anytime not in use or at a minimum charged every night regardless of the battery condition. This will insure you get the most out of the cart for the duration of your rental. Keep in mind, electric carts **cannot and are not designed to run continuously** without charging the batteries. Run times will/do vary and will be shortened if cart is driven in loose sand or when equipped to carry 4 passengers. Keep in mind, electric carts **cannot and are not designed to run continuously** without charging the batteries.
- At no time should there be more than 2 passengers on the cart, 4 passengers in a 4 passenger cart. Allowing more than 2 passengers on the cart, 4 passengers in a 4 passenger cart, will result in suspension damage.
- Do not make turns at high speeds. Slow down to turn or make corners especially with carts that have altered suspensions “Lift Kits” as they are prone to rollover at high speeds.
- It is our goal to provide customers with reliable golf carts by which we perform routine maintenance and battery discharge tests. This is to ensure you get the most use out of the cart with each charge. In the event a problem does arise we ask that you first check to ensure that all operating instructions are being followed and the charger has sufficient power and is connected properly. Do not for any reason attempt to perform maintenance or repairs on cart. If you are unable to resolve the problem, contact your contact person who gave you the use of the cart immediately.
- When renting a gas cart, only clean fresh unleaded gas must be used.
